

The Kindness Crew

**Hey, friendly
volunteer.
Will you
join our crew?**

Make the world a more friendly place
while you are meeting new people
and do what you're good at.

- ✱ 0 - 5 hours per week
- ✱ all humans welcome
- ✱ all talents welcome
- ✱ From all over the world welcome

The Crew is growing. That's why we need **you!**

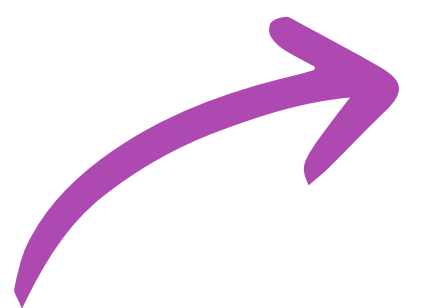

Mara van der Velden started The Kindness Crew initiative in 2025, to protest against the unfriendliness in the world. What started as a social initiative is slowly growing towards a real Foundation. In the background kind people are thinking along to make sure we can realise this.

Mara has the dream to offer as much friendly activities to as many people as possible.

With cultural education, accesible activities and the message: we need each other. We connect people and fight loneliness.

Building something is better when you do it with other people. That's why we are expanding our Friendly Volunteer Crew. Also specifically for English speaking people, because we find it important to be accessible for different languages: in our work but also in our activities. Do you want to join us?

**Learn what we can offer
and which role has been
waiting for you.**

This is what you get

Personally

A very good feeling, everytime a person tells us how they experienced one of our activities.

A team that watches over each other: mental health, energy and a safe work environment are important to us.

New friends!

Three free tickets for paid events a year (most activities are free access).

Businesswise

A network, starting in and around Arnhem, which you will help build yourself.

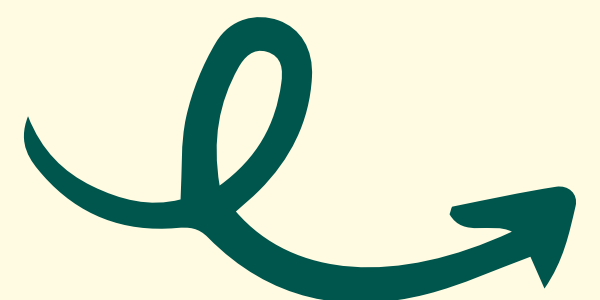

A flexible schedule (especially in 2026). You decide when, how often and on what activity you want to participate.

Responsibility: we are flexible, but we also expect from our volunteers that they keep to commitments.

We can't offer a volunteer allowance (yet) but we can offer eternal gratitude and tiny tokens of appreciation.

Help with activities friend

You like to stage a cozy room so that everybody can join in. You are good at smalltalk and making people feel comfortable. During the activity, you help where you can.

Organisation friend

Planning out an activity, getting enough volunteers, making sure all groceries are done for a meal: you love it. You're working together with the whole crew.

Social media friend

We want to start making a more inclusive social feed, which means more content or text in English. You want to help with that: maybe by making content or writing texts.

Brainstorm friend

You like to think along about activities and ideas and how to make them accessible.

• Ofcourse you can also combine these roles!

Let us know which role will make you the most happy at info@thekindnesscrew.nl. Mara will contact you!
